FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at www.archives.gov.

INTRODUCTION

On the 42 rolls of this microfilm publication, M1906, are reproduced the records of the Maryland and Delaware field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, orders and circulars, monthly reports, and other records relating to freedmen's complaints and claims. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION
MICROFILM PUBLICATIONS

Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress, effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN MARYLAND AND DELAWARE

ORGANIZATION

In June 1865, Comm. Oliver Otis Howard appointed Col. John Eaton as the Assistant Commissioner of the District of Columbia, which included Maryland, the District, the city of Alexandria, and the neighboring Virginia counties of Fairfax and Loudon. On September 27, 1865 (Special Order Number 77), Commissioner Howard appointed Lt. Col. William P. Wilson as acting Assistant Superintendent

for Maryland. Wilson served until March 30, 1866, and was then replaced by Bvt. Maj. Gen. George J. Stannard, who became the first Assistant Commissioner for Maryland. Stannard's headquarters was at Baltimore. His command included all of the state, except the counties of Calvert, Charles, Montgomery, Prince Georges, and St. Marys, which were under the control of the Assistant Commissioner of the District of Columbia. In early summer 1866, six counties in Virginia and two in West Virginia, known as the Shenandoah Division, were added to the Maryland Command (transferred to the Virginia command in the following September). By July 1866, Bvt Maj. Gen. Francis Fessenden replaced Stannard, and served for 1 month before he was replaced by Bvt. Maj. Gen. Edgar M. Gregory. On January 16, 1867 (Special Order Number 7), Maryland's jurisdiction was expanded to include Delaware. Bvt. Brig. Gen. Horace M. Brooks replaced Gregory in January 1868, and by August 1868, Bureau affairs relating to Maryland and Delaware were reassigned to the Assistant Commissioner for the District of Columbia. A subassistant commissioner, Fred C. von Schirach, remained in Baltimore until December 1868. A claims agent remained in Baltimore until 1872.

ACTIVITIES

Unlike its operations in states of the Deep South where providing relief, supervising labor contracts, and the administration of abandoned property was of primary concern, the Bureau's activities in Maryland and Delaware and other areas under its jurisdiction centered largely on freedmen education, the administration of justice, and veterans' claims.

The Freedmen's Bureau's efforts to provide education for freedmen in Maryland was hampered by a system of illegal apprenticeship of school-age children. In direct conflict with the Civil Rights Act of 1866 (14 Stat. 27), black children were being bound to their former owners for indefinite periods of time with the help of Maryland government officials. An estimated 10,000 black children were bound out as apprentices between 1864 and 1867. The Bureau, however, through writs of *habeas corpus* and other court actions, fought vigorously to have these children released. By 1868, the intense efforts of the Bureau had largely ended the apprenticeship system in Maryland.¹

Although the illegal apprenticeship system hindered the Bureau's educational activities in Maryland, the agency still managed to provide assistance with the construction and repair of school buildings and protection of and transportation for teachers. To increase its visibility and to gauge the interest of freedmen in establishing schools, Maryland and District of Columbia Bureau officials traveled

to various counties, holding meetings on the benefits of education and the agency's intention to provide aid for schools. In addition, the Bureau worked closely with private benevolent societies, such as the Baltimore Association, the American Missionary Association, and the Freedmen's Union Association, to sustain freedmen schools in spite of intense and often violent opposition from whites. From October 1867 to October 1868, the Bureau provided aid and assistance to some 80 schools in Maryland.²

Although the black population in Delaware and West Virginia was small, and Bureau operations in these states were limited, the agency still managed to provide noteworthy assistance for freedmen education. In Delaware the Bureau assisted in the construction of several freedmen schools. The agency also provided aid to various civic groups and benevolent societies, especially the Delaware Association for the Moral Improvement and Education of the Colored Race, which maintained some 23 schools in various parts of the state. West Virginia maintained a system of free education. However, whites controlled funds for schools and employment of teachers, and schools for blacks and whites remained separate, as required by law. Bureau officials, nonetheless, worked closely with the West Virginia superintendent of free schools in the establishment of schools for freedmen. As in Maryland, Bureau officials traveled throughout West Virginia counties, advising freedmen of their support and plans for building schools. Similar to other areas under its jurisdiction, the Bureau supplied funds for buildings, and teachers were generally paid from public funds, contributions from blacks, and aid from benevolent societies. By 1868, with cooperation mostly from freedmen themselves, the Bureau was able to establish 9 schools in West Virginia.³

Safeguarding rights and securing justice for freedmen was of paramount concern to the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865, Assistant Commissioners were authorized, in places where civil law had been interrupted and blacks' rights to justice were being denied, to adjudicate cases between blacks themselves and between blacks and whites. In the District of Columbia and Maryland, the civil process of law had not been interrupted, and unlike many areas of the South under the Bureau's jurisdiction, no freedmen's or provost courts were in operation. The Bureau did however, provide legal assistance to freedmen in civil and criminal cases in both the District of Columbia and Maryland. This was done especially in instances where freedmen lacked counsel and in cases where Bureau officials felt that freedmen were wrongly convicted or imprisoned. In 1868, the Assistant

Commissioner for the District reported that of the nearly 900 cases handled by his office, a large percentage involved incidents in Maryland.⁴

In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Freedmen's Bureau the sole agent for payment of claims of black veterans, Bureau disbursing officers assisted veterans and their heirs in the preparation and settlement of claims. To administer claims, the Bureau established a Claims Division. This office was abolished in 1868, and most of the activities of the Maryland Bureau relating to claims were then centered in Baltimore, MD, where two full-time disbursing officers were assigned to settle and pay veterans claims. At the Baltimore office, the Bureau handled claims for Maryland, Delaware, and other areas under its jurisdiction. In 1868 Bureau agents disbursed more than \$10,000 for military claims.⁵ The Bureau maintained registers and files for claimants for payments of bounty, back pay, and pensions. These records often contain the name, rank, company, and regiment of the claimant; the dates the claim was received and filed; the address of the claimant; and remarks.

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that do not appear in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, registers of letters received, unregistered letters received, general and special orders and circulars received, registers of claimants for bounties and pay arrearages, and registers of complaints of illegal apprenticeships. The unbound documents consist of letters and orders received, unregistered letters received and narrative reports received, special orders and circulars issued, general and special orders and circulars received, and other series.

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821-1920, RG 393, are records of the military district that included Maryland and Delaware. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865-1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with the bank branches at Baltimore, Maryland, and the District of Columbia.

On the 10th day of January A.D. 1868 personally appeared before me, Clerk of the Superior Court of Baltimore City John Taylor, late of Company "C" of the "2d North Carolina" Infantry Volunteers, who being duly sworn deposes & says, that he is the identical John Taylor, who enlisted in Company "C" of the "2d North Carolina" Infantry Volunteers. He further deposes that he cannot remember the date of his enlistment, but thinks it was in 1862. He further states that when he was Discharged he was furnished with a Certificate of Discharge in regular form, which he took home with him & deposited it in his chest. He further deposes that he left home (which is situated in Flat Swamp North Carolina) about six weeks afterwards, and proceeded to Baltimore. At Baltimore he wrote to his Uncle to forward to him his Discharge to Baltimore and he received an answer from his Uncle stating that he had made search in his chest, and failed to find the Discharge Certificate and believed that the children of the household had destroyed it. This is all he knows concerning his Discharge Certificate. He further deposes that when he enlisted, Colonel Mertindale, commanded the Regiment, and General Baily commanded the Brigade, and his Company was commanded by Captain Frught, these names are cor-

rest to the best of his knowledge and belief.
 He further deposes that he desires to institute
 a claim for arrears of pay and Bounty against
 the U. S. Government, and offers this affidavit
 in lieu of his Discharge. He further deposes
 that he has never ~~Bartered~~ sold, assigned
 transferred loaned & changed or given away
 his final Discharge papers, or any interest in
 the same on account of any act of Congress
 granting Bounty to Soldiers.

Dear Sir:

I found among Mr. H. C. Shallding's papers, in 1867, Treasury Certificate No 289,721, for \$100, additional bounty, in favor of Peter, & Catherine Thomas, and Cicely Ann Mason, children of Wm. Thomas, "A" of U.S.C.T., with Power of Attorney, &c. I collected \$100 from Col. J. Ledyard Hodge & sent \$90. - to the above parties through Jas. G. Shallding, Esq., Oakville, Md. This was the U.S. bounty. I know nothing of the Maryland bounty. Mr. Shallding's papers do not indicate that he filed any claim for State bounty. If a claim was filed, a reference to the U.S. Settlement, No 289,721, will facilitate collection.

Claims against the United States
FOR THE VALUE OF
VESSELS, HORSES, WAGONS, &c.

Employed in the public service and damaged
or destroyed.

The act of March 3, 1849, provides that if the owner of any boat, horse, mule, ox, wagon, cart, sleigh, or harness, in the service of the United States, either by impressment or contract, shall suffer loss or damage of such property through the orders of any commanding officer, capture by the enemy, abandonment, or unavoidable accident, without fault or negligence on the part of the owner or his agent, he shall be paid the value thereof at the time he entered the service, unless he has agreed to incur the risk to which his property would be exposed.

Owners of property impressed into the public service are also entitled to a reasonable compensation for its use during all the time it was kept in service, and can obtain payment on producing the proper proofs.

Mr. FULLERTON has collected a great number of these claims, and he has never failed in any where the proper evidence has been brought forward. His experience and knowledge of the law and rules governing these settlements enable him to determine at once what proofs are required, and the prospects of obtaining payment.

Mr. FULLERTON has resided so long in Washington City, and is so well known throughout the country, that he deems special references as to his standing and responsibility no longer necessary. Persons who do not know him will, on request, be furnished with satisfactory references.

COMPENSATION OBTAINED FOR
Provisions, Cattle, Wood, Forage,
OR OTHER PROPERTY,

Appropriated for military purposes by officers of the
Army and Navy.

Persons having claims against the United States for compensation for supplies furnished to the army or navy, or for services rendered during the war, should at once apply to Mr. FULLERTON, sending him a full statement of the facts connected with their claim, and the nature of the evidence by which they can sustain it.

Many claims heretofore presented have been suspended or rejected for defects of evidence, or because of the imperfect manner in which they were prepared and presented. Many are also suspended because of charges of disloyalty against the claimant--these charges being often made by malicious or disreputable persons. The objections to the settlement of these can be removed, in many cases, by an intelligent compliance with the rules adopted for their examination; and, where disloyalty is charged, by producing evidence to establish the loyalty of the claimant.

In this branch of his business Mr. FULLERTON has had many years' experience, and he has been the means of obtaining remuneration for a vast number of persons whose houses and lands were occupied, or whose wood, fencing, cattle, wheat, corn, hay, &c., were consumed by the army during the late war.

Mr. FULLERTON will take pleasure in giving information and advice to those who may apply to him, and he will make no charge for services unless successful in obtaining the allowance of claims prosecuted by him. His fees are moderate.

WASHINGTON, D. C.

THE original inventor of any new and useful tool, device, or compound, or of any improvement upon things already in use, is entitled to a patent securing to himself or assigns the exclusive profit arising out of its use, manufacture or sale.

The first information requisite to an inventor is to ascertain whether his new discovery is patentable, or that it has not already been patented. Patents are only granted to the *first* discoverer. Sometimes an experienced agent can tell at once whether an invention be really new and patentable, and thus save the inventor the expense of a useless application. But in doubtful cases a *search* of the records of the Patent Office should be made before filing an application; this will generally save expense, trouble and delay.

A clear description of the invention to be patented should be sent to Mr. FULLERTON, who will advise the inventor how to proceed in the most economical and safe manner; and no charge will be made for this information, unless a search of the Patent Office records be desired. If he advise an application, and it prove unsuccessful, he will make no charge for his services. A search will cost *five dollars*.

Information as to assignments, transfers, licenses, &c., will be promptly obtained from official records. The charge for this service is *three dollars*. The Patent Office charges for certified copies of assignments are regulated by the number of words.

How to Apply for a Patent.

The law requires that a working model, if the nature of the invention admits of one, shall accompany an application for a patent. This model must not exceed twelve inches in any of its dimensions, and should be neatly made and well fastened together without using glue. If made of wood, it should be varnished, and have the name of the inventor engraved or neatly painted upon it. Samples of chemical compounds or compositions of matter must be put up in small bottles or neat packages.

Drawings are also required. These must be neatly and artistically drawn in black, on thick paper, 10x15 inches. The requirements of the Patent Office in regard to these drawings make it advisable that they should be executed in Washington, under the direction of the agent who draws the specifications. The usual cost is *five dollars*.

When the model, or rough sketch, with the inventor's own description, are sent to Mr. FULLERTON, he prepares the specification and claims, taking care to set forth properly and accurately the peculiar features of the invention, and sends them to the inventor for approval and signature. The preparation of the specifications and claims requires experience and care; for, unless scientifically drawn, it may happen that the patentee will not be secured against infringements.

When the specifications are signed by the inventor, they should be returned to Mr. FULLERTON with a postal money order or draft for \$20—\$15 for the first government fee, and \$5 for the drawings. The application is then submitted to the Examiners of the Patent Office, and if there be found no record of any prior invention conflicting with it the patent is allowed. No further payment is required until this examination has been made. If allowed, the second government fee, \$20, becomes payable. If rejected, the first fee of \$15 is retained by the Patent Office.

Patent Office Fees.

The following are the principal fees charged by the government in patent applications:

<i>First Fee.</i> —At time of making application.....	\$15 00
<i>Second Fee.</i> —On issuing original patent	20 00
Appeal from primary examiners to examiners-in-chief.....	10 00
Appeal to Commissioner from examiner-in-chief.....	20 00
Copies of patents or writings, each 100 words.....	10
Recording assignments, 300 words or less.....	1 00
Application for reissue.....	30 00
Additional patent granted on a reissue.....	30 00
Application for extension.....	50 00
On the grant of an extension.....	50 00
On filing a caveat.....	10 00
Application for design for 3½ years.....	10 00
7 years.....	15 00
14 years.....	30 00
Application for trade mark.....	25 00

Mr. FULLERTON's charges are not payable until the patent is allowed. He makes no charge when unsuccessful in obtaining a patent, and never advises the expense of an application without a reasonable prospect of success. In ordinary cases, his charge is \$25. When there is an "interference," and arguments and proofs become necessary to establish the priority of his client's claim, his charges will be proportioned to the labor involved, but always moderate.

Every mechanic or artisan has it in his power to invent some new process in his own art—some new tool, device, or improvement whereby he may realize a fortune. The invention of a new tool or improved process in manufacturing might prove of more value to the inventor than the discovery of a gold mine. Small inventions are more profitable than great ones.

Dear Sir,

You will
do me a very great favor
by laying the following facts
before the Officer in command
of the Bureau as I have not
his address.

I enlisted in Company H.
9th U.S. C. T. under the
name of William Thomas and
served out my full term
Thomas Timmons Esq of Balto.
collected \$50. for me being
a part of my bounty.
My discharge is still in my
possession but I have never
sent in any claim for
additional bounty.

I would like to know
 through the medium of the
 Freedman's Bureau what
 course is best for me to
 pursue in filing my claim?
 Whether it will be any
 cheaper to employ a Government
 Agent to collect it, and if it
 can be collected any sooner
 by that means.

I would wish an answer
 in the course of a week.
 Hoping that you will do
 me the kindness to give
 this matter your attention
 I remain Very Respectfully
 Yours

Wm. Thomas.

In answer to your letter of the 1st instant. I am directed to state that the records of this office show the claim for arrears of pay and bounty of Annie as widow of Alfred Thompson late Pvt. Co. "E." 39th U. S. C. T. to have been filed in the office of the Second Auditor for adjustment February 7th and receipt of the same to have been acknowledged March 13th 1869.

As the delay in the settlement of this claim is not unusual, investigation of the case at the Auditors office would seem to be unwarranted.

Prompt notice of action on the claim will be furnished you.

Sir: Washington, June 17 1869.

In answer to letter of Capt. Knower, dated 7th inst. I am directed to inform you that no certificate in your favor has been received at this Bureau, and to recommend that you apply to your attorney for information respecting the condition of your claim, which, if forwarded to the Auditor's Office, is probably awaiting or undergoing examination therein. If, after examination, anything is found to be due you, a certificate for the amount will be sent to your attorney, who is required to forward the same to this Bureau, with his bills for legal fee and notarial expenses, and cash advances (if he made any to you prior to December 20, 1868); on receipt of which, the amount of the certificate, less the attorney's bill as above, will be remitted to you through the Disbursing Officers of this Bureau.

An effort will be made to ascertain the condition of your claim, and the result communicated to you.

U. S. Sanitary Commission

ARMY AND NAVY CLAIM AGENCY,

242 F STREET, WASHINGTON, D. C.

Sept. 10, 1866.

Madam,
In reply to your letter of Sept. 5th 1866, you are respectfully informed that your claim for Pay & Bounty on account of William Turner, Co. "H", 4th Regt. U.S.C. Vols. was filed in the office of _____ on the _____ day of _____

1866, and such evidence as has been furnished, to wit: Evidence of death received

Aug. 8th 1866 and filed Aug. 10th 1866.

has been filed in the same office. There is ~~nothing~~ further required: It is presumed to be correct and will be settled as soon as it is reached in its turn.

Owing to the great number of claims pending in the Departments, much delay in the adjustment of them necessarily arises; and in all cases in which any evidence has been called for, it must be furnished before a settlement can be had. Whenever additional evidence is required by any Department, this office gives prompt notice of the fact to claimants; and those, who after a reasonable time receive no such notice, may presume that their claims are progressing duly and will be adjusted as soon as possible.

On the allowance of a claim, certificates or checks are sent by the Departments to this office and are forwarded without delay to claimants, or to such local agents as still communicate with them without charge for the services rendered. Notice of rejection of claims is given in like manner.

You are advised that it is unnecessary to incur the expense of employing a local attorney to prosecute your claim or to communicate with this office, and that your own letters of inquiry will always receive attention and be duly answered.

Every communication in reference to a claim should give with accuracy the name and post-office address of claimant, the name, company and regiment, with date of discharge or death of the soldier, and, if possible, the date at which the claim was forwarded to this office.

Claimants changing their post-office address should give prompt notice to this Agency, as otherwise certificates or checks may reach them only after long delay, and perhaps not at all.

1. Record evidence of marriage, duly authenticated under seal, *must* be furnished when in existence. If such record evidence does not exist, *it must be so stated in the application*, and a certificate of marriage, sworn to by the officer or clergyman who officiated, to be the original, or a correct copy thereof, duly authenticated, will be received. Should the claimant not be able to produce either record evidence or marriage certificate as aforesaid, *she must so state in her application*. Then the affidavit of two disinterested persons, who were eye-witnesses to the ceremony, will be accepted. If neither record evidence, marriage certificate, nor the affidavits of two eye-witnesses to the marriage ceremony can be obtained, *claimant must so state in her application*. Then, and in such a case, in addition to her own statement as to marriage, she must furnish the affidavits of two or more witnesses who know the parties to have lived together as man and wife, and can state the longest period of such known cohabitation, and give the number, names, and ages of their children, if they had any, &c.

I want correct answers
written under each of the following
questions and this paper sent back to me.

1st When were you married to John
Turner, give month and year.

We were married at Springfield, Mass.
Nov. 10, 1848.

2^d When (give month and year) was
George (your oldest son) born.

He was born Feb. 1, 1850.

3^d Was he born before the marriage?

No, he was born after the marriage.

4th Did John Turner recognize and
support George as his child?

Yes, he recognized him from birth and
supported him as his child.

5th Are you again married?

No, I am not married.

6th Have you been married to any other
person than John Turner?

No, I have not.

(over)

These questions must all be answered as you have made a great mistake - as in one paper you and N. P. Turner and Hugh Ellingworth swear that you was married to John Turner, by Rev. Mr. Waite on August 15th 1862.

In another paper you, & Adam Pinkett and Samuel Nelson, swear you were married to John Turner by Rev. Mr. Waite on June 10th 1858 - a difference of 4 years. Also you swear that George was born Oct. 28. 1859 and Hester Oct. 1862 - which could not have occurred, unless you were not married to John Turner at their birth.

You must explain all this before any attention will be paid to your claim - giving correct date of marriage - and also all facts connected with the date of birth of George & Hester. If they were born before you were married by Rev. Mr. Waite, you must inform me at once.

Send this paper back, with answers under each question & full information.

Then the affidavit of two disinterested persons, who were eye-witnesses to the ceremony, will be accepted. If neither record evidence, marriage certificate, nor the affidavits of two eye-witnesses to the marriage ceremony can be obtained, *claimant must so state in her application*. Then, and in such a case, in addition to her own statement as to marriage, she must furnish the affidavits of two or more witnesses who know the parties to have lived together as man and wife, and can state the longest period of such known cohabitation, and give the number, names, and ages of their children, if they had any, &c.

2. All signatures by MARK must be attested by TWO WRITTEN signatures.

Lt. E. B. Knowen U.S.A.

Agent Prov. R. & S. L.,
Baltimore, Md.

Sir:

Referring to your letter of the 14th inst. I am directed to return herewith the application for bounty, &c., of Ann Maria Turner, as widow of John Turner, late Priv. Co K 9th U. S. S. Troops.

The affidavit of the claimant corroborated by the affidavits of two persons who write their names, describing the ceremony by which she and the deceased soldier were joined in marriage, the claimant stating whether she considered said ceremony obligatory upon herself, is required. The fact of

establishment of the claimant and soldier from the date of their marriage up to the date of the soldier's enlistment must be established by the affidavits of two reliable persons, who write their names; the witnesses must also state whether, after the death of the soldier, the claimant had married again, prior to July 28th 1866.

Please return this letter with papers.

Very respectfully, &c,

William P. Drew.

Agent & Chief of Claim Division.

Ann Maria Turner.

Salisbury, Md.

In your claim for Gov't pay, and bounty as widow of John Turner. K. 9th you have sworn to marriage (of yourself and soldier) only by Co-habitation.

The law of Congress requires that some ceremony should have taken place which would be deemed binding by you, and which under the laws governing Slaves would be considered sufficient by the community in which you lived at the time of said ceremony. Return this letter to me with truthful answers written under each question.

Over.

Was any ceremony gone through with such
as reading the Bible over you, and John Turner?

Did your Master, or Mistress give you any certifi-
cate, or letter permitting you to live with or
Marry John Turner.

Did John Turner's Master or Mistress give him
any such letter or certificate permitting his
Marriage with you.

If your answer is yes to either of above
questions send me names of two persons
who can write their names who will swear
to the facts.

Signed. Edw. C. Knower.

Your claim for Government pay &c, as father of Daniel Watts late of Co "E" 2nd U.S.C.T. is suspended by the 2d Auditor for further evidence - Send me the names of two responsible persons who have known yourself, and wife (the soldier's mother) for the longest time. They must be able to swear to the mother's death (if she is not living) from personal knowledge - that is - They must have seen her die, or buried, or saw her body after death. They must also swear whether yourself and wife belonged to the same master, and lived together on the same plantation, and in the same house as man + wife and whether ~~they~~ you were so regarded by the community at the time you made your claim. They must also swear that you had the Care, Custody, and Support of the children including Daniel - Your witnesses can be either male, or female - white or colored but must not be relatives of yours. Have two that have known you a sufficient number of years to cover all the facts required above - Remember you need not come to Baltimore, but write over.

 any two persons that can swear to all the facts

Your letter of September 30th. 1869 was received - As your husband - the soldier's father is dead - it will not now be necessary ^{to furnish} ~~for you~~ the evidence I wrote for in my letter. You will be required to make an application and I send blank which must be taken with two witnesses before a Magistrate.

Your witnesses can be either white, or colored - male or female - but must be two persons who can swear to the actual death - from personal knowledge of Stephens Watts - also that the soldier left no wife or child

Your witnesses must not be relatives, or persons interested in the claim, and should be two who have known your family for the longest time

SHOW this letter to the Magistrate, and ask him to please pay particular attention to the notes, and indications I have written in lead pencil. If possible go before the Clerk of the Court at Leonardtown - but in case Leonardtown is too far, or the expense of taking witnesses there, would be too great you can go before the nearest Justice of the Peace. in which case the paper must be sent to the Clerk of the Court for his Certificate.  Capt. E. C. Knowen,

Dear Sir:

Yours of the 18th has been received inquiring about claim of Clara Whaley, widow of John Whaley Co. I, 19th Regt. U. S. C. I. There was some difficulty in proving marriage in this case and the defect in proof here was supplied. I had long ago told Mr. Parker for her to place her claim in the hands of some one else as I had not the time nor the opportunity to look after it properly. I willingly abandon a connection with its prosecution and would advise the preparation of papers from the beginning.

Yours Respectfully

Feb'y.

Union Bridge Md December 11th 1868
 Daniel White late a private in Co. 8 4th Regt USCT
 is supposed to be now dead - died during the pendency
 of his claim in the pension office - He has a Mother
 living who is a very worthy and quite intelligent woman
 (as he was a man) - Both had been held as slaves & sold
 to the war and were emancipated thereby - I helped
 Daniel to procure the \$100 State of Ill. Bounty - all
 of which he received, gratuitously - and that is all
 he ever received subsequent to his discharge - I
 afterwards further helped him in his application for a
 pension - Between the time of the receipt of the
 enclosed Circular (May 4 1866) and the intended
 execution of the corrected application (as enclosed)
 that Daniel went to Baltimore to have his arm
 treated which had become very painful - he was
 advised to go to an Army Surgeon - and had papers
 with him showing this and what he was - but upon
 inquiry for him afterwards - nothing whatever could
 be heard from him anywhere - His Mother however

Like the wife of Mr John Franklin, would not give up the search until she had learned his fate. And has now quite recently found out the time place and manner of his death as per the enclosed Certificate from the Batt Infirmary. The discharge gives the age 39 years Daniel thought he gave his age 29 years at the time of his enlistment which was about the true age. The "39" in the discharge was probably a misundatanding he put it in, in the application as 30 years.

I enclose a copy of discharge (the original is of course in the pension office) also the 2nd Blank Application and Circular, from Pension office &c which may help you to understand the case more fully.

Now this Daniel White's Mother is probably entitled to the Pension & possibly also to the additional \$100 U.S. Pendency or whatever she may be entitled to.

On her behalf I send the case to you.

Respectfully returned to

Transfer Bounty was first
claimed on account of
transfer from Co "E" 13th

jected by within letter from
4th Auditor dated, Dec, 23, 1868

Evidence was then returned,
with claim, showing that,
Mr. H. Williams was a
Soldier in Co "D" 39th U.S.C.T.

Claim is again rejected Oct.
29, 1869 (See within letter from 4th Auditor)
for the reason that the Mr.

not transferred to the 11th U.S.C.T.

I respectfully ask
-consideration of case, as
evident from Passports & Station
Show that our claimant had
already received Navy allowance \$8.00
and consequently her husband
must have been transferred to
the Navy. The end int. of B & S. seems
to accept Mr. Williams' statement that
Williams belonged to Co "G" but being a
drafted man he might not have

CLAIM DIVISION,

Washington, February 8th, 1870.

Bot. Capt. E. C. Knauer, U.S.A.

Bureau R. I. and A.S.

Baltimore, Md.

Captain:

I am directed to enclose herewith papers pertaining to the claim for transfer bounty of Sophia Gross, as mother of William H. Williams alleged to have been transferred to the Navy from Co. I. 39th U.S.C. Troops.

Attention is invited to the enclosed letters of the Fourth Auditor dated Dec^r 23rd 1868; Oct^r 29th 1869. and Feby. 4th 1870, respectively.

It appears from the letters of the Adj. Genl. and 2nd Auditor referred to that W. H. Williams, Sergt. Co. I 39th U.S.C. Troops. was not transferred to the Navy, but was present and mustered out with his Company, and also that

The name William H. Williams does not appear on the rolls of Co. G of said regiment, and that no soldier by the name of Williams was transferred to the Navy from Co. A.

A clerk of this Bureau was present during the examination of the records of the 4th Auditor's office in the case referred to in the enclosed letter of A. W. Bolinius, late Agent of this Bureau at Baltimore, to Bascom & Seaton.

The records were examined from June 1865 to December 1869, and failed to show that a certificate had been issued as stated in the endorsement of Bascom & Seaton, dated April 24/68.

The letters of the 4th Auditor should be returned with this letter and papers in the case.

Very respectfully,
 William P. Drew,
 Agent Bn. R. F. & H.

In communication of March 25, 1871, from your H^d Q^{rs}. (Claim Division) it is stated that "the claim (A.P. & B.) of Emma J. Wilson widow of Wm. H. Dear Sir

I have been shown a letter directed to Robert Wrighton (colored) from you respecting the United States Government pay due to his deceased son Joseph Wrighton of Company F. 4th United States Colored Troops, in which you may be inquiring whether any claim has been made for the same & the post office of the agent who made out the papers.

I learn from Robert's wife that she did receive One hundred & twenty ⁴⁰/₁₀₀ dollars some five years since of Colonel Greager whose office was in Market Street Baltimore and in the same year of the same gentleman through Mr. Charles H. Hammond of the Western National Bank of Baltimore, the further sum of Three hundred dollars -

She states that ^{this} is all the money she ever received -

She thinks she is entitled to.

Address P.O. Box 594

F. B. Office
Balt Md Oct. 8, 1869

1 Sir

It is utterly impossible from the correspondence had thus far in this case to learn whether or no the father Joseph Wrighton is still living; Replies to my first inquiry - in the form of printed questions state that both parents are living in Eastern Md. As the father is first entitled before the mother to Government pay we write to him last June asking what claims had been made by, and settled for him. In reply to said letters this of yours is received, and upon reading same it would seem that the father was not living 5 years since, or that the mother has made a false claim as in case after of the amounts you name as being received by her was Government pay & Bounty she could not properly have received same as the Govt does not recognize mother as heir except in case of abandonment or death of father.

State Bounty is paid to the mother before the father but both amounts you name would be too large for State Bounty.

Finally - If the mother is a widow, and can prove dependence on her son as required by enclosed blank, she can get a Pension provided her son died in line of duty of disease contracted in the service. It will require the very best evidence (for within blank) and the two witnesses must know of the facts sworn to from actual personal

a Pension, as the mother of said Joseph -

Will you be kind enough my dear Sir to write ~~the~~ addrs on this subject, as I know this colored woman to be a deserving & worthy one & w^h I should like to see obtain whatever might be due to her from the Government

Yours respectfully
Henry St. Goldborough

Knowledge. Unless the soldier's father died some time before his (S) enlistment, and soldier was an only son, and supported the mother it is very hard to obtain a Mother's Pension. I notice that in one payment named by you Claimant received \$300. That amount would imply that soldier was a free man if so and the \$300 received was State Bounty then Claimant is entitled to additional Bounty from the Govt. it being supposed the 120th regt. was Govt. bounty. Please inform me whether soldier was free, or slave. - Whether father was living when soldier enlisted - If living whether father made claim and died before they were settled, and if possible which bounty (State or Govt) the \$200, represented. If within reach is enclosed please return it with this letter, and I will send proper papers free of charge.
